Professional care...

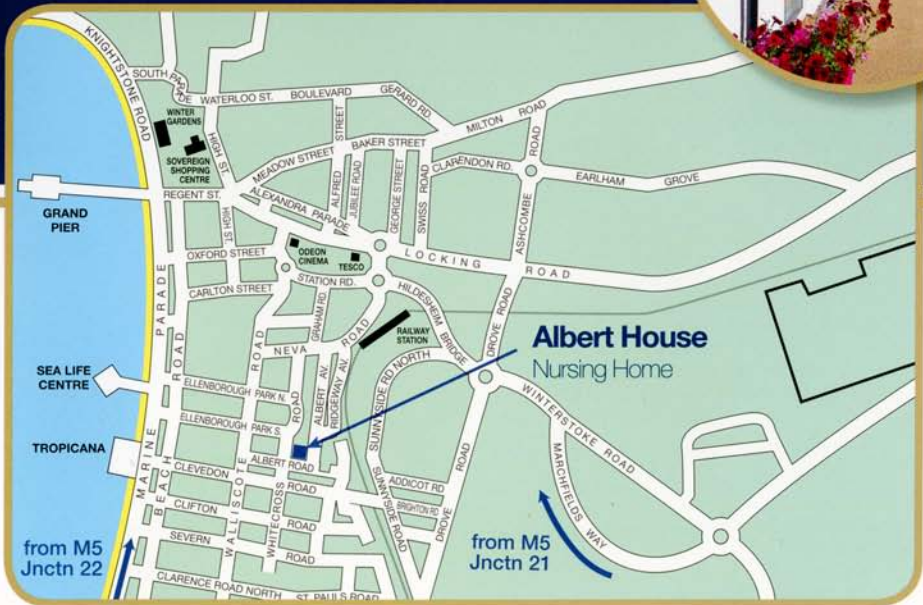

We take very seriously our duty to care properly for our residents. During the day there are always two experienced Registered Nurses on duty assisted by trained Nursing Auxiliaries, all of whom have NVQ 2 or 3 qualifications. Throughout the night there is a Registered Nurse and three Nursing Auxiliaries to keep a constant vigil. The health and well-being of our residents are constantly monitored, with regular GP check-ups every two weeks (or immediately if needed). All our care systems and facilities are inspected regularly by the Government's Care Quality Commission (CQC), who have awarded us their top rating of "3 Star - Excellent".
